

H.B. 6355 OPPOSED

Dear Judiciary Committee,

I am writing to express my complete OPPOSITION to H.B. 6355, An Act Concerning Risk Protection Orders or Warrants. Not only is this bill totally unconstitutional, I also believe it to be very dangerous. Just consider that any individual, be they neighbors, family members, coworkers, etc could easily accuse a person of being “mentally ill” and/or dangerous to themselves or others on a whim. This would open up a Pandora’s Box of unjust, false accusations. Passage of this bill would most certainly be unconstitutional and against the individual rights of good citizens. I hope that you too will oppose this bill.

Respectfully,
